Terms and abbreviations

This report uses terms and abbreviations relevant to the Agricultural Land Trust Group's activities and financial accounts. The terms "Agricultural Land Trust", "Trust" and "Group", unless indicated otherwise, refer to the consolidated entity comprising the parent entity (being the Agricultural Land Trust) and its subsidiaries. In some instances, the term "Agricultural Land Trust" refers to the parent entity and not the consolidated entity however, where applicable, this has been disclosed in the report.

The terms "One Managed Investment Funds Limited" and "Responsible Entity" are used in this report to refer to One Managed Investment Funds Limited.

The terms "the year", "financial year" and "2026" refer to the twelve months ended 30 June 2026 unless otherwise stated. Similarly, references to 2025 refer to the twelve months to 30 June of that year.

Agricultural Land Trust

Annual report 2026

Directors' report

For the year ended 30 June 2026

The directors of One Managed Investment Funds Limited (ABN 47 117 400 987), the Responsible Entity of the Agricultural Land Trust (the "Trust"), present their report, for the Agricultural Land Trust and its controlled entities (the "Group") for the year ended 30 June 2026.

Directors

The names of the directors of the One Managed Investment Funds Limited, in office during the financial year and until the date of this report are:

Name	Title
Frank Tearle	Executive Director and Company Secretary
Sarah Wiesener	Executive Director and Company Secretary
Michael Sutherland	Executive Director

The directors were in office from the beginning of the year until the date of this report, unless otherwise stated.

Directors' unit holdings

No director as at the date of this report has any direct interest in units of the Trust, nor do they have any rights or options over interests in the Trust or contracts to which the director is a party or under which the director is entitled to a benefit and that confer a right to call for or deliver an interest in the Trust.

Principal activities

As at the date of this report, the principal activity of the Group is to earn income from the exploitation of its investment property, Linkletter's Place, located near Esperance, Western Australia, including the sale of harvested timber and earning rental income from the cleared areas.

Trust information

The Trust was registered as a Managed Investment Scheme on 7 May 2001.

One Managed Investment Funds Limited, the Responsible Entity, is incorporated and domiciled in Australia. At balance date, the Group had no employees.

The registered office of the Responsible Entity is Level 16, Governor Macquarie Tower, 1 Farrer Place, Sydney, NSW, 2000.

Review of operations

For the year ended 30 June 2026, the Group reported a net loss attributable to unit holders of \$4.73 million (2025: loss of \$0.51 million).

At 30 June 2026, the Group had assets with a total value of \$63.63 million (2025: \$67.94 million) and liabilities of \$23.78 million (2025: \$23.35 million). The basis for valuation of the assets is disclosed in Note 2 to the financial report.

Distributions

The Responsible Entity has determined that no distribution will be paid for financial year ended 30 June 2026 (2025: \$nil).

For the year ended 30 June 2026 (continued)

Units on issue

During the year, no units (2025: nil units) were issued pursuant to the Distribution Reinvestment Plan. At 30 June 2026 units on issue were 91,472,521 units (2025: 91,472,521 units).

Responsible entity and associates

The Responsible Entity fees for the year were \$187,235 (2025: \$177,664).

Details of fees paid or payable to the Responsible Entity out of scheme property are included in Note 21 of the financial report.

Significant changes in state of affairs

In May 2026, the Trust signed an Amending Deed to extend the unitholder loan for a further 12-months. Consequently, the term of the unitholder loan has been extended to 14 May 2027.

From 16 June 2026, the interest rate on the RMBL facility increased from 9.00% to 9.25% per annum. The new total cost of RMBL facility is 11.56% per annum including collection charges.

Subsequent events after balance date

No matter or circumstance has arisen since the end of the financial period which is not otherwise dealt with in this report, that has significantly affected or may significantly affect the operations of the Trust, the results of those operations or the state of affairs of the Trust in subsequent financial period.

Likely developments and expected results

The Responsible Entity will continue to explore opportunities to stabilise the Group's capital structure. The Responsible Entity will continue to look at opportunities to maximise proceeds from the exploitation of the investment property including the sale of harvested timber.

Further information on likely developments in the operations of the Group and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Group.

Environmental regulation and performance

To the best of the directors' knowledge, the operations of the consolidated entity have been undertaken in compliance with the applicable environmental regulations that apply to the Group's activities. There have been no known significant breaches of any other environmental requirements applicable to the Trust.

Indemnification and insurance of directors, officers and auditors

During or since the financial year, the Group has not indemnified or made a relevant agreement to indemnify an officer of the Responsible Entity or auditor of the Group or any related corporate body against a liability incurred by an officer of the Responsible Entity or auditor of the Group. In addition, the Group has not paid, or agreed to pay, a premium in respect of a contract insuring against a liability incurred by an officer of the Responsible Entity or auditor of the Group.

Agricultural Land Trust

Annual report 2026

Notes to the consolidated financial statements

For the year ended 30 June 2026

1. Trust information

Agricultural Land Trust ("Trust") is an Australian registered managed investment scheme. One Managed Investment Funds Limited ("OMIFL"), the Responsible Entity of the Trust, is incorporated and domiciled in Australia. The financial report of Agricultural Land Trust comprises Agricultural Land Trust and its controlled entities ("Group").

The consolidated financial report of the Group for the year ended 30 June 2026 was authorised for issue by the directors on 21 September 2026 and in accordance with a resolution of the directors of the Responsible Entity as at the date of signing the Directors' Declaration.

The registered office and principal place of business of the Responsible Entity is located at Level 16, Governor Macquarie Tower, 1 Farrer Place, Sydney, NSW, 2000. The nature of the operations and principal activities of the Trust are described in the Directors' Report.

2. Summary of material accounting policies

(a) Basis of preparation

The consolidated financial report is a general purpose financial report, which has been prepared in accordance with the Constitution of the Agricultural Land Trust and the Corporations Act 2001 in Australia, including applicable Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board and other mandatory professional reporting requirements. For the purposes of preparing the Financial Statements, the Group is a for-profit entity.

The consolidated financial report has been prepared on a historical cost convention except for the investment property, which is measured at fair value. Independent valuations are conducted in accordance with the Responsible Entity's valuation policy. Where an independent valuation is obtained, it will be considered by the directors of the Responsible Entity when determining fair values (refer to Note 5).

The consolidated financial report is presented in Australian dollars and all values have been rounded to the nearest thousand dollars (\$'000, where rounding is applicable) in accordance with ASIC Class Order 2016/191, unless otherwise indicated.

(b) Going concern

The consolidated financial report has been prepared on a going concern basis, which contemplates continuity of normal business activities and realisation of assets and settlement of liabilities in the ordinary course of business.

As at 30 June 2026, the consolidated statement of financial position reflected a net current liability of \$22.1 million primarily due to the RMBL loan of \$22.5 million being classified as current liability as it matures on 17 January 2027.

Notwithstanding the above, the Directors of the Trustee consider the use of the going concern basis of preparation to be appropriate given the following:

- The Trustee has commenced a process to refinance the existing loan facility. The Group believes that the facility will be refinanced given the financial position of the Group;
- Harvesting activities recommenced at Linkletter's place and are expected to provide the Group with a cash flow on a monthly basis from the harvested timber;

Agricultural Land Trust Annual report 2026

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

2. Summary of material accounting policies (continued)

(b) *Going concern (continued)*

- The Group has received a letter from Balmain, confirming it will provide financial support to the Group as and when it is required; and
- The Trustee has also prepared a cash flow forecast which indicates that the Group will have sufficient cash flows to continue operating as a going concern for at least the next twelve months from the date of signing of the financial statements.

(c) *Statement of compliance*

The consolidated financial statements comply with Australian Accounting Standards and Interpretation issued by the Australian Accounting Standards Board and International Financial Reporting Standards ("IFRS") issued by the International Accounting Standards Board ("IASB").

(d) *Adoption of new and revised accounting standards*

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ("AASB") that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(e) *Basis of consolidation*

The consolidated financial statements of the Group comprise the financial statements of the parent entity Agricultural Land Trust and its subsidiaries as at 30 June 2026.

The financial statements of subsidiaries are prepared for the same reporting period as parent entity Agricultural Land Trust using consistent accounting policies.

All intercompany balances and transactions, including unrealised profits arising from intra-group transactions, have been eliminated in full. Unrealised losses are eliminated unless costs cannot be recovered.

Subsidiaries are consolidated from the date on which control is transferred to the Group and cease to be consolidated from the date on which control is transferred out of the Group.

Control of a subsidiary is determined by the parent entity's power over the subsidiary and its ability to direct activities that significantly affect returns. Where there is loss of control of a subsidiary, the consolidated financial statements include the results for the part of the reporting period during which parent entity Agricultural Land Trust has control.

(f) *Significant accounting judgements, estimates and assumptions*

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts in the financial statements. Management continually evaluates its judgements and estimates in relation to assets, liabilities, contingent liabilities, revenues and expenses. Management bases its judgements and estimates on historical experience and on the various factors that it believes to be reasonable under the circumstances, the result of which form the basis of the carrying values of assets and liabilities that are not readily apparent from other sources.

Agricultural Land Trust Annual report 2026

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

2. Summary of material accounting policies (continued)

(f) Significant accounting judgements, estimates and assumptions (continued)

Management has identified the following critical accounting policies from which significant judgements, estimates and assumptions are made. Actual results may differ from these estimates under different assumptions and conditions and may materially affect financial results or the financial position reported in future periods.

Investment properties - Valuation

Investment properties are valued in accordance with the Responsible Entity's valuation policy. This policy requires an independent valuation of the property to be conducted at intervals set out in that policy. The independent valuation usually forms the basis for determination of the fair value of the property by the directors of the Responsible Entity (refer to Note 5).

(g) Provision for distribution

The Responsible Entity has determined that no distribution will be paid for the financial year ended 30 June 2026.

(h) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue brought to account but not received at balance date is recognised as a receivable. The following specific recognition criteria must also be met before revenue is recognised:

Timber income

Timber income is recognised as income when receivable under the terms of the Renewable.bio harvest agreement.

Interest income

Revenue is recognised as the interest accrues using the effective interest method.

Property lease revenue

Property lease revenue represents income earned from the rental of Group properties and is recognised on a straight line basis over the lease term.

One Investment Administration Ltd ("OIAL") the trustee of ALT No.1 Trust is currently receiving \$452,563 (GST exclusive) rental income per annum from April 2026 in respect of its lease of part of the investment property, Linkletter's Place.

(i) Expenses

All expenses are recognised in the Consolidated statement of profit or loss and other comprehensive income on the accrual basis.

Agricultural Land Trust

Annual report 2026

Notes to the consolidated financial statements

For the year ended 30 June 2026 (continued)

2. Summary of material accounting policies (continued)

(j) Investments and other financial assets

Financial assets are initially measured at fair value. Transaction costs are included as part of the initial measurement, except for financial assets at fair value through profit or loss. Such assets are subsequently measured at either amortised cost or fair value depending on their classification. Classification is determined based on both the business model within which such assets are held and the contractual cash flow characteristics of the financial asset unless, an accounting mismatch is being avoided.

Financial assets are derecognised when the rights to receive cash flows have expired or have been transferred and the consolidated entity has transferred substantially all the risks and rewards of ownership. When there is no reasonable expectation of recovering part or all of a financial asset, it's carrying value is written off.

Financial assets at fair value through profit or loss

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either: (i) held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or a derivative; or (ii) designated as such upon initial recognition where permitted. Fair value movements are recognised in profit or loss.

Financial assets held at amortised cost

Loans and receivables are classified and measured at amortised cost. These financial assets are held in order to collect the contractual cash flows, and the contractual terms are solely payments of outstanding principal and interest on the principal amount outstanding.

(k) Impairment

The Group recognises a loss allowance for expected credit losses on financial assets which are either measured at amortised cost or fair value through other comprehensive income. The measurement of the loss allowance depends upon the Group's assessment at the end of each reporting period as to whether the financial instrument's credit risk has increased significantly since initial recognition, based on reasonable and supportable information that is available, without undue cost or effort to obtain.

Where there has not been a significant increase in exposure to credit risk since initial recognition, a 12-month expected credit loss allowance is estimated. This represents a portion of the asset's lifetime expected credit losses that is attributable to a default event that is possible within the next 12 months. Where a financial asset has become credit impaired or where it is determined that credit risk has increased significantly, the loss allowance is based on the asset's lifetime expected credit losses. The amount of expected credit loss recognised is measured on the basis of the probability weighted present value of anticipated cash shortfalls over the life of the instrument discounted at the original effective interest rate.

The loss allowance is recognised in profit or loss.

2. Summary of material accounting policies (continued)

(l) Taxation

Under current Australian income tax legislation, the Trust is not liable for income tax provided that its taxable income (including taxable capital gains, if any) is fully distributed to unit holders each year.

Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of goods and services tax ("GST") except:

- where the GST incurred on a purchase of goods and services is not recoverable from the taxation authority, in which case the GST is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables are stated inclusive of the GST.

The net amount of GST recoverable from, or payable to, the taxation authority is recognised as a receivable or payable in the Consolidated statement of financial position. Cash flows are included in the Consolidated statement of cash flows on a gross basis.

The GST component of cash flows arising from financing activities which is recoverable from or payable to the taxation authority is classified as operating cash flow.

Commitments and contingencies are disclosed net of the amount of GST recoverable from, or payable to, the taxation authority.

(m) Terms and conditions on units

Units in the Trust are classified as equity instruments. Each unit issued confers upon the unit holder an equal interest in the Trust. A unit does not confer any interest in any particular asset or investment of the Trust. Unit holders have various rights under the Constitution and the Corporations Act 2001, including the right to:

- receive income distributions;
- attend and vote at meetings of unitholders;
- participate in the termination and winding up of the Trust; and
- all units have identical features and do not include any contractual obligations to deliver cash or another financial asset other than the unit holder's rights to a pro rata share of the Trust's net assets in the event of the Trust's liquidation.

The rights, obligations and restrictions attached to each unit are identical in all respects.

5. Investment property

(a) Investment property

The Group holds one investment property, known as Linkletter's Place. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value based on directors' valuations. Independent valuations are conducted from time to time in accordance with the Responsible Entity's valuation policy and are considered by the directors of the Responsible Entity when determining fair values. Gains or losses arising from changes in fair values of investment properties are recognised in Consolidated statement of profit or loss and other comprehensive income in the year in which they arise.

Where assets have been revalued, the potential effect of the capital gains tax ("CGT") on disposal has not been taken into account in determination of the revalued carrying amount. The Group does not expect to be ultimately liable for CGT in respect of the sale of assets as all realised gains would be distributed to unitholders.

5. Investment property (continued)

(b) Reconciliation of the carrying amount of level 3 investment property (continued)

Rental income from the investment property during the year was \$0.66 million (2025: \$0.66 million).

During the year ended 30 June 2026 the Group earned \$0.29 million income (2025: \$nil million) from the sale of timber and incurred costs of \$0.09 million (2025: \$0.09 million) associated with the harvesting of that timber. These costs relate to maintenance costs.

(c) Valuation techniques used to derive level 3 investment property

As at 30 June 2026, the Directors have adopted the independent Opteon valuation without adjustment. The investment property has been measured at fair value based on a directors' valuation, having regard to an independent valuation, issued by Opteon on 26 August 2026, of the Linkletter's Place property. This valuation is based on the market value applying an "As Is" (subject to existing occupancy arrangements) valuation approach of \$62.00 million. This approach considers the current mixed usage of the property as both an agricultural and plantation asset. The "As is" valuation of the property at 30 June 2025 was \$64.50 million.

The Opteon valuation considered the following inputs in determining the fair value:

Level 2 inputs:

- Comparable land sales.

Comparable evidence requiring adjustment; reliance was placed on transactions of other rural properties within the region to establish market parameters for land and structures. As Opteon has made significant adjustments to the rate per hectare based on the property's specific characteristics, the fair value measurement is categorised as

Level 3 inputs:

- Level 3 in the fair value hierarchy. These adjustments relate to differences in location, quality of structural improvements, soil types and productivity levels. Further judgement was applied in assessing and allocating value across the property's various land use classifications due to changes in land use, ongoing harvesting and rehabilitation program.

The table below presents the summary of Level 3 inputs as at 30 June 2026.

Land component	Area (hectares)	Rate (\$)	Source	Basis of valuation	Valuation level
Cleared/Arable	1,695.00	12,000	Opteon	Comparable sales	2
Grazing only land	1,193.00	11,000	Opteon	Comparable sales	2
Recently rehabilitated land (1)	330.00	10,000	Opteon	Discount to arable land	3
Cleared to be rehabilitated (2)	210.00	7,500	Opteon	Discount to arable land	3
Plantation land	3,714.00	6,000	Opteon	Comparable sales	2
Bush/Non-arable	1,803.30	200	Opteon	Discount to arable land	3
Improvements		950,000	Opteon	Discount on replacement cost	3

Agricultural Land Trust Annual report 2026

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

5. Investment property (continued)

(c) *Valuation techniques used to derive level 3 investment property (continued)*

- (1) Recently rehabilitated land: rate per hectare is based on the rate for arable land and reduced by the valuer's reasonable estimate to reflect the additional costs of bringing the benefit from recent remediation on soil nutrient deficiencies from previous plantation use.
- (2) Cleared to be rehabilitated: rate per hectare is based on the rate for arable land and reduced by the valuer's reasonable estimate to reflect the costs of bringing the land to an arable standard.

The land value was assessed by analysing land sales of similar size, location, topography and use to the subject property's land component, and then applying a rate per hectare to the cleared agricultural land and non-arable land area. The most significant input is the rate per hectare of land based mostly on comparable land sales for plantation land and cleared and pastured land. As Opteon has made significant adjustments to the rate per hectare based on the property's specific characteristics, the fair value measurement is categorised as Level 3 in the fair value hierarchy. These adjustments relate to differences in location, quality of structural improvements, soil types and productivity levels. Any change in the rate per hectare for comparable land sales would result in a movement in the fair value of the investment property.

For the year ended 30 June 2019 the directors of the Responsible Entity commissioned for the first time a valuation of the forest assets located on Linkletter's Place. This valuation assessed that the forest assets had a value of \$4.12 million. Subsequent to the 2019 valuation, there has been annual logging of the forest assets and also a material decline in global demand and pricing.

Given the Group's current focus on cash flow management, it was decided not to appoint a valuer to conduct a valuation of the forest assets for the year ended 30 June 2026. Given the complexity involved in valuing the forestry assets, in the absence of an external valuation it is not possible for the Group to assess the value of the forestry assets at 30 June 2026.

The Group is engaging with Renewable.bio to maximise the value that it is able to achieve from the harvesting of the remaining forestry assets located on Linkletter's Place, as this will allow the property to achieve a fully remediated state as quickly as practicable.

Linkletter's Place measures 8,945.30 hectares in total and it is estimated comprises the following types of land use as at 30 June 2026:

Type	Estimated land size
Cleared/Arable	1,695.00 hectares
Grazing only land	1,193.00 hectares
Recently rehabilitated land	330.00 hectares
Cleared to be rehabilitated	210.00 hectares
Plantation land	3,714.00 hectares
Bush/Non-arable	1,803.30 hectares

There have been no transfers between the levels of the fair value hierarchy.

The Linkletter's Place investment property is pledged as security to secure the Group's RMBL borrowings and via second mortgage to the provider of the unitholder loan (refer to Note 11).

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

6. Trade and other payables

Trade payables and other payables are carried at amortised cost and represent liabilities for goods and services provided to the Group prior to the end of the financial year that are unpaid and arise when the Group becomes obliged to make future payments in respect of the purchase of these goods and services. They are non-interest bearing and generally on 30-day terms.

	Consolidated 2026 \$'000	Consolidated 2025 \$'000
Trade creditors	279	156
Other payables and accruals	102	113
Total trade and other payables	381	269

7. Net asset backing per unit

	Consolidated 2026	Consolidated 2025
Basic net asset backing per unit (\$)	0.44	0.49

Basic net asset backing per unit is calculated by dividing the total unitholders interest by the number of units on issue at the year end.

8. Units on issue

	Consolidated 2026 No of Units	Consolidated 2026 \$'000	Consolidated 2025 No of Units	Consolidated 2025 \$'000

Closing balance	91,472,521	55,299	91,472,521	55,299

Rights and restrictions over Ordinary units:

- Each unit ranks equally with all other ordinary units for purpose of distributions and on termination of the Trust, and
- At a meeting of members of the Trust ordinary units entitle the holder (whether in person or by proxy) where voting is:
 - (i) by way of a show of hands, to one vote; and
 - (ii) on a poll, each member of the scheme has 1 vote for each dollar of the value of the total interests they have in the scheme.

For the year ended 30 June 2026 (continued)

8. Units on issue (continued)

When managing capital, the Responsible Entity's objective is to ensure that the Group continues as a going concern and maintains optimal returns to unit holders and optimal benefits for other stakeholders. The Responsible Entity monitors its gearing ratio (debt/total assets) when assessing capital management requirements. The Trust is not subject to any externally imposed capital requirements.

9. Distributions to unitholders

The directors of the Responsible Entity have determined that no distribution will be paid for the financial year ended 30 June 2026 (2025: \$nil).

10. Interest payable

	Consolidated 2026 \$'000	Consolidated 2025 \$'000
Interest payable - Unitholder loan	10	8
Interest payable - Loan from RMBL	107	104
Total interest payable	117	112

Further details of the interest payable is disclosed in the Note 11.

11. Interest bearing loans and borrowings

All loans and borrowings are initially recognised at cost, being fair value of the consideration received net of issue costs associated with the borrowings.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method including any issue costs, and any discount or premium on settlement.

Gains and losses are recognised in the income statement when the liabilities are derecognised and as well as through the amortisation process. Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after balance date.

Agricultural Land Trust Annual report 2026

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

15. Financial risk management objectives and policies

The Group's principal financial instrument is RMBL loan. The RMBL loan of \$22.50 million has security over the Linkletter's Place investment property.

The Group has various other financial instruments such as cash and cash equivalents, trade debtors and trade creditors, which arise directly from its operations. It is, and has been throughout the year, the Group's policy that it will not trade in financial instruments. The main risks from the Group's financial instruments are interest rate risk, credit risk and liquidity risk. The Board's policies for managing each of these risks are summarised below.

(a) Interest rate risk

The Group's exposure to market risk for changes in interest rates relates primarily to any long-term debt obligations. As at 30 June 2026, the Group has \$22.50 million RMBL loan subject to variable rates of interest. Monthly cash outlays of approximately \$217,000 per month are required to service the interest payments. An increase/decrease in interest rates of 100 basis points would have an adverse/favourable effect on net profit of \$225,000 per annum. The percentage change is based on the expected volatility of interest rates using market data and analysts forecasts.

The Group reviews its debt requirements on a regular basis to ensure an appropriate mix of fixed and variable interest rate debt. As the Group's income is limited at present, having fixed costs may be beneficial. The mix of financial assets and liabilities is summarised in Notes 3, 4, 6, 10 and 11. Given that the Group has not entered into any hedging arrangements, changes in interest rates are not likely to have an effect on the carrying values of financial assets.

(b) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the Group's harvesting activities and from the existing lease.

(c) Liquidity risk

The Group's approach to managing liquidity risk is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Group updates and reviews its cash flow forecasts to assist in managing its liquidity. The remaining contractual maturities of the Group's financial assets and liabilities are summarised in the tables below.

16. Subsequent events

No matter or circumstance has arisen since the end of the financial period which is not otherwise dealt with in this report, that has significantly affected or may significantly affect the operations of the Trust, the results of those operations or the state of affairs of the Trust in subsequent financial period.

17. Segment reporting

An operating segment is a component of an entity that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the same entity). The entity's chief operating decision maker regularly reviews its operating results, in order to make decisions about resource allocations and assess its performance, for which discrete financial information is available. This includes start-up operations, which are yet to earn revenues. Management will also consider other factors in determining operating segments such as the existence of a line manager and the level of segment information presented to the board of directors.

Operating segments have been identified based on the information provided to the chief operating decision makers - being the board of directors of the Responsible Entity. Operating segments that meet the quantitative criteria as prescribed by AASB 8 are reported separately. However, an operating segment that does not meet the quantitative criteria is still reported separately where information about the segment would be useful to users of the financial statements.

The Group operates in a single operating segment being the use of its investment property Linkletter's Place to derive various income streams. The Group operates wholly within Australia and aims to become a crop and grazing landlord after completion of remediation works on its sole investment property Linkletter's Place in Esperance, Western Australia. Opportunities for sale or leasing are assessed on an on-going basis.

21. Related party transactions

(a) Responsible entity

The Responsible Entity of Agricultural Land Trust as at 30 June 2026 is One Managed Investment Funds Limited ("OMIFL") whose parent entity at 30 June 2026 is One Investment Group Pty Limited ("OIG"). The ultimate parent entity is OIG Holdings Pty Limited ("OIGH").

The Responsible Entity and its related trustees were charged fees of \$187,235 (2025: \$177,664).

The Responsible Entity's entitlement to fees is contained in the constitutions of the Group. The Responsible Entity is entitled to be paid annual fees calculated on the following basis:

Agricultural Land Trust Annual report 2026

Notes to the consolidated financial statements For the year ended 30 June 2026 (continued)

21. Related party transactions (continued)

(a) Responsible entity (continued)

- (i) 0.25% of the gross value of assets of the Group calculated at the end of each month and paid quarterly in arrears.
- (ii) 3.5% of the Net Income of the Group calculated after adding back the following items:
 - Depreciation, building allowances and other non-cash expenses;
 - Interest, finance and other borrowing expenses;
 - Leasing, legal and professional fees;
 - Administration expenses, including auditing, accounting, Custodians' fees, outgoings and expenses and management fees;
 - Costs of issuing any Disclosure Documents;
 - Marketing and promotional expenses;
 - The fee is paid quarterly in arrears.
- (iii) 3.5% of the increase in the market value of each asset owned by the Group calculated from the start of a financial year, or the date of acquisition, to the end of the Financial Year. This fee will be payable annually. No fees were charged during the year in relation to this item.

The Responsible Entity is also entitled to be paid a fee of up to 5% of the purchase price of any authorised investment acquired for the Trust. This fee is payable on the day of the acquisition of the relevant investment and is in consideration for the co-ordination of the acquisition. The Responsible Entity is also entitled to a fee of up to 5% of the application money raised under a Disclosure Document where the purpose for raising the application money is not to acquire an authorised investment. This fee is payable within 7 days of the issue of Units for which the application money is received. This fee is for the co-ordination of the relevant capital raising. No fees were charged during the year in relation to these items.

Members of One Investment Group ("OIG"), comprising One Investment Group Pty Ltd and its subsidiaries and associates, hold and administer a large number of bank accounts in relation to their funds. Where possible, OIG seeks to negotiate terms for the bank accounts relating to its funds that may not ordinarily be available to those funds on a standalone basis, including in particular the benefit of a higher interest rate than is ordinarily offered to other parties by a bank. Where such preferential terms are negotiated, OIG may also receive a fee or benefit ("OIG Benefit") from the relevant bank. This OIG Benefit is not paid out of a bank account relating to a fund or from interest earned on such bank account and will not appear on any bank statement for such an account. Neither is it an asset of a fund.

At 30 June 2026, \$302,116 was payable to the Responsible Entity (2025: \$176,635).

Director
One Managed Investment Funds Limited
Dated at Sydney this 21st day of September 2026

Independent Auditor's Report to the Members of Agricultural Land Trust

Opinion

We have audited the financial report of Agricultural Land Trust and its controlled entities (the "Trust") which comprises the consolidated statement of financial position as at 30 June 2026, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, and the directors' declaration.

In our opinion, the accompanying financial report of the Trust is in accordance with the *Corporations Act 2001*, including:

- (a) giving a true and fair view of the Trust's financial position as at 30 June 2026 and of its financial performance for the year then ended; and
- (b) complying with Australian Accounting Standards and the *Corporations Regulations 2001*.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* ("the Code") that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Directors for the Financial Report

The directors of the Responsible Entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the ability of the Trust to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Trust or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the group as a basis for forming an opinion on the group financial report. We are responsible for the direction, supervision and review of the audit work performed for the purposes of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Auditor's Independence Declaration Under Section 307c of the *Corporations Act 2001* to the Directors of Responsible Entity of Agricultural Land Trust

As lead engagement partner, I declare that, to the best of my knowledge and belief, during the year ended 30 June 2026 there have been:

- (i) no contraventions of the auditor independence requirements as set out in the *Corporations Act 2001* in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

Yours sincerely
